-----------------------------	---	-----------------

Comments:

Showmanship	Neatness, arrangement, placement, background, lettering, etc.	_____/15 Points
--------------------	---	-----------------

Comments:

TOTAL ____/100

*For county level – Conference judging is to be an educational experience for the 4-H member, to discuss strengths, weaknesses and suggestions for improvement of the project. The conference and conference skills of the 4-H'er should have no impact on the ribbon placing of the exhibit.

*4-H uses the Modified Danish System. All purple ribbon exhibits are considered eligible for advancement to the state fair if the 4-H'er is age eligible.

*If a geology division or class rule is not followed, it may cause a deduction of one ribbon placing.

- Examples:
1. Specimens lack rock type (sedimentary, metamorphic, igneous) where required.
 2. Fossils not identified at phylum level, or additionally, to genus level where required.
 3. Display not within size limit or number of boxes for class.
 4. Boxes with sliding plexiglass tops must slide out the top of the box.

This Space should be used by the judge to record correct identification of incorrectly named specimens; and for comments on the condition of specimens, labeling, minimum requirements, showmanship, etc.

Specimen Number	Points Off	Reasons

Ribbon Placing: Purple Blue Red White
